**Weaving:** Weave one square holding Nature Spun together with Eyelash.

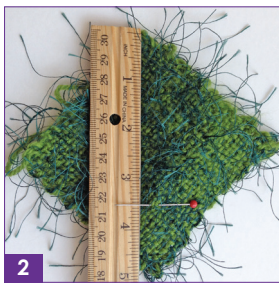

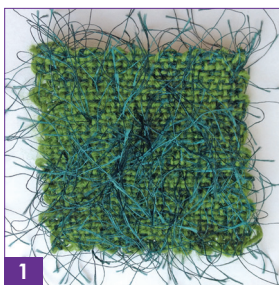

**Finishing:** Use your sewing needle to pull the "eyelashes" out to the front of the square [1].

Place the square on point and measure 3-1/2" down from the top and mark with a pin [2]. Use the Fray Block to draw a line from the left corner to the right corner, curving the line through the point marked by the pin [3]. Allow to dry.

Brush the eyelashes up out of the way and cut along the line of Fray Block [4]. Be careful to not cut off the eyelashes.

Roll into a cone, with the curved edge at the bottom. Sew the uncut edges together with matching thread and your sewing needle.

Stuff with a little stuffing or tissue. Decorate with beads or sequins if desired. Display in a group or individually.
